IN THE MATTER OF THE **AMENDED** APPLICATION OF FIFTH CREEK ENERGY OPERATING COMPANY, LLC FOR AN ORDER TO VACATE ORDER NO. 421-29, TO ESTABLISH AN APPROXIMATE 1,280-ACRE DRILLING AND SPACING UNIT FOR SECTIONS 23 AND 26, TOWNSHIP 11 NORTH, RANGE 62 WEST, 6<sup>TH</sup> P.M., HEREFORD FIELD, WELD COUNTY, COLORADO, TO AUTHORIZE UP TO SIX (6) NEW CODELL, **FORT HAYS AND CARLILE** HORIZONTAL WELLS AND FIFTEEN (15) NEW NIOBRARA HORIZONTAL WELLS WITHIN THE PROPOSED 1,280-ACRE UNIT, AND TO ALLOW FOR 300-FOOT SETBACKS FROM THE BOUNDARIES OF THE PROPOSED UNIT FOR THE EFFICIENT AND ECONOMIC DEVELOPMENT AND OPERATION OF THE CODELL, **FORT HAYS, CARLILE** AND NIOBRARA FORMATIONS.

CAUSE NO. 421

DOCKET NO. 171000670

TYPE: SPACING

**AMENDED APPLICATION**

COMES NOW Fifth Creek Energy Operating Company, LLC (Operator No. 10629) ("Applicant"), by and through its attorneys, Jost Energy Law, P.C., and respectfully submits this Application to the Oil and Gas Conservation Commission of the State of Colorado (the "Commission") for an order to (1) vacate Order No. 421-29, (2) establish an approximate 1,280-acre drilling and spacing unit for Sections 23 and 26, Township 11 North, Range 62 West, 6th P.M., (3) authorize up to six (6) new horizontal wells for the efficient and economic development of oil, gas and associated hydrocarbons from the Codell, **Fort Hays and Carlile** Formations, (4) authorize up to fifteen (15) new horizontal wells for the efficient and economic development of oil, gas and associated hydrocarbons from the Niobrara Formation, and (5) provide for 300-foot reduced setbacks as to the boundaries of the approximate 1,280-acre drilling and spacing unit, for the efficient and economic development of oil, gas and associated hydrocarbons from the Codell, **Fort Hays, Carlile** and Niobrara Formations underlying the below-described lands. In support of its Application, Applicant states and alleges as follows:

1. Applicant is a limited liability company duly authorized to conduct business in the State of Colorado, and is a registered operator in good standing with the Commission.

2. Applicant owns leasehold interests or holds the right to operate on the following lands (hereafter "Application Lands"):

Township 11 North, Range 62 West, 6<sup>th</sup> P.M.

Section 23: All

Section 26: All

1,280 acres, more or less, Weld County, Colorado

A reference map of the Application Lands is attached hereto.

3. Rule 318.a. of the Commission Rules provides a well to be drilled 2,500 feet or greater shall be located not less than 600 feet from any lease line, and shall be located not less than 1,200 feet from any other producible oil or gas well when drilling to the same common source of supply, unless authorized by the Commission upon hearing. Rule 318.a. applies to the Codell, **Fort Hays and Carlile** Formations on the Application Lands.

4. On October 21, 2010, the Commission entered Order No. 421-3 which, among other things, established 83 approximate 640-acre drilling and spacing units for certain lands, including the Application Lands, for the production of oil and gas and associated hydrocarbons from the Niobrara Formation, with no more than one horizontal well to be drilled in each unit from a surface location anywhere in the unit with the horizontal leg and bottom-hole location to be not closer than 600 feet from the boundaries of each unit.

5. On January 7, 2013, the Commission entered Order No. 421-29 which, among other things, vacated two approximate 640-acre drilling and spacing units established by Order No. 421-3 for Sections 26 and 35, Township 11 North, Range 62 West, 6th P.M., and established an approximate 1280-acre stand-up exploratory drilling and spacing unit for Sections 26 and 35, Township 11 North, Range 62 West, 6th P.M., and approved up to ten wells within the unit, for the production of oil, gas and associated hydrocarbons from the Niobrara Formation.

6. The records of the Commission reflect that no wells are currently producing in the Codell, **Fort Hays or Carlile** Formations on the Application Lands. The records of the Commission reflect that one well is currently producing from the Niobrara Formation on the Application Lands, the Garden Creek #16-2314H well (API No. 05-123-32661), operated by Applicant. Applicant respectfully requests that Order No. 421-3 be maintained for purposes of the payment of proceeds for the Garden Creek #16-2314H well (API No. 05-123-32661), which also produces in Section 14, Township 11 North, Range 62 West, 6th P.M., adjacent to the Application Lands.

7. To promote efficient drainage of the Codell, **Fort Hays, Carlile** and Niobrara Formations within the Application Lands, to protect correlative rights and to

avoid waste, the Commission should vacate Order No. 421-29 and establish an approximate 1,280-acre drilling and spacing unit for the Application Lands for the development of the Codell, **Fort Hays, Carlile** and Niobrara Formations, and approve up to six (6) new horizontal wells for the production, development and operation of oil, gas and associated hydrocarbons from the Codell, **Fort Hays and Carlile** Formations, and approve up to fifteen (15) new horizontal wells for the production, development and operation of oil, gas and associated hydrocarbons from the Niobrara Formation, on the Application Lands.

8. Applicant maintains that there will be no more than a total of five (5) well pads in the proposed drilling and spacing unit to be located within such unit or adjacent thereto, unless an exception is granted by the Director.

9. The treated interval of each proposed horizontal well shall be no closer than 300 feet from the boundaries of the unit (regardless of the lease lines within the unit) and all horizontal wells shall be no closer than 150 feet from the treated interval of another well producing from the same source of supply within the unit, unless an exception is granted by the Director.

10. The undersigned certifies that copies of this Application will be served on each interested party as required by Rule 507 within seven (7) days of the filing hereof, as required by Rule 503.e.

WHEREFORE, Applicant respectfully requests that this matter be set for hearing in October 2017, that notice be given as required by law, and that upon such hearing, the Commission enter its order:

A. Vacating Order No. 421-29.

B. Establishing an approximate 1,280-acre drilling and spacing unit for Sections 23 and 26, Township 11 North, Range 62 West, 6<sup>th</sup> P.M., allowing up to six (6) new horizontal wells in the unit in order to efficiently and economically develop and recover the oil, gas and associated hydrocarbons from the Codell, **Fort Hays and Carlile** Formations, and allowing up to fifteen (15) new horizontal wells in the unit in order to efficiently and economically develop and recover the oil, gas and associated hydrocarbons from the Niobrara Formation in the proposed drilling and spacing unit, for a total of up to twenty-one (21) new horizontal wells in the unit.

C. Providing that Order No. 421-3 shall be maintained for purposes of the payment of proceeds for the Garden Creek #16-2314H well (API No. 05-123-32661).

D. Providing that the treated interval any horizontal well in the proposed unit shall be no closer than 300 feet from the boundaries of the unit and not less than 150 feet from the treated interval of another well within the unit, and authorizing up to five (5) well pads in the unit, unless an exception is granted by the Director.

E. Finding that the approximate 1,280-acre drilling and spacing unit for the development of the Codell, **Fort Hays, Carlile** and Niobrara Formations on the Application Lands, with the requested number of wells and the requested boundary setbacks, will prevent waste, protect correlative rights, and maximize the efficient and economic production of the Codell, **Fort Hays, Carlile** and Niobrara Formations on the Application Lands.

F. For such other findings and orders as the Commission may deem proper or advisable in this matter.

DATED **September 20**, 2017.

Respectfully submitted:
