

**BEFORE THE OIL AND GAS CONSERVATION COMMISSION
OF THE STATE OF COLORADO**

IN THE MATTER OF THE APPLICATION OF
GREAT WESTERN OPERATING COMPANY,
LLC FOR AN ORDER TO POOL ALL
INTERESTS IN AN APPROXIMATE 1,923.32-
ACRE DRILLING AND SPACING UNIT
ESTABLISHED FOR SECTION 12, TOWNSHIP
1 SOUTH, RANGE 67 WEST, 6TH P.M., AND
SECTIONS 7 AND 8, TOWNSHIP 1 SOUTH,
RANGE 66 WEST, 6TH P.M., FOR THE
CODELL AND NIOBRARA FORMATIONS,
WATTENBERG FIELD, ADAMS COUNTY,
COLORADO

CAUSE NO.

DOCKET NO.

TYPE: POOLING

APPLICATION

COMES NOW Great Western Operating Company, LLC (Operator No. 10110) ("Great Western" or "Applicant"), by its attorneys, Jost Energy Law, P.C., and makes this application to the Oil and Gas Conservation Commission of the State of Colorado ("Commission") for an order to pool all interests within an approximate 1,923.32-acre drilling and spacing unit, as defined below, for the development and operation of the Codell and Niobrara Formations on the following described lands:

Township 1 South, Range 67 West, 6th P.M.
Section 12: All

Township 1 South, Range 66 West, 6th P.M.
Section 7: All
Section 8: All

Adams County, Colorado, 1,923.32-acres, more or less.

Hereinafter "Application Lands"

In support thereof, Applicant states and alleges as follows:

1. Applicant is a limited liability company duly authorized to conduct business in the State of Colorado, and is a registered operator in good standing with the Commission.
2. Applicant and/or its affiliate company Grizzly Petroleum Company, LLC are Owners as defined by the Colorado Oil and Gas Conservation Act and the Commission's 100 Series Rules and own certain leasehold interests and/or the right to drill and produce on the Application Lands.

3. On February 19, 1992, the Commission entered Order No. 407-87 (amended August 20, 1993) which, among other things, established 80-acre drilling and spacing units for the production of oil, gas and associated hydrocarbons from the Codell and Niobrara Formations, with permitted well locations in accordance with the provisions of Order No. 407-1.

4. On April 27, 1998, the Commission adopted Rule 318A, which, among other things, allowed certain drilling locations to be utilized to drill or twin a well, deepen a well or recomplete a well and to commingle any or all of the Cretaceous Age Formations from the base of the Dakota Formation to the surface. On December 5, 2005, Rule 318A was amended to allow interior infill and boundary wells to be drilled and wellbore spacing units to be established. On August 8, 2011, Rule 318A was amended to, among other things, address drilling of horizontal wells but did not prohibit the establishment of drilling and spacing units within the Greater Wattenberg Area. The lands encompassing the Application Lands are subject to Rule 318A, for the Codell and Niobrara Formations.

5. On July 11, 2017, Applicant filed an application in Docket No. 170900528 for an order to establish an approximate 1,923.32-acre drilling and spacing unit for the Application Lands (the "Drilling and Spacing Unit"), and approve up to 26 horizontal wells in the unit for the production of oil, gas and associated hydrocarbons from the Codell and Niobrara Formations, providing that the productive interval any horizontal well shall be no closer than 460 feet from the boundaries of the unit and not less than 150 feet from the treated interval of another well within the unit, and approve up to three well pads within or adjacent to the unit, unless an exception is granted by the Director, and providing that the wells shall be drilled on no more than three well pads within the unit subject to Rule 318A or on adjacent lands, unless an exception is granted by the Director. Docket No. 170900528 is scheduled to be heard before the Commission at the September 11-12, 2017 hearing.

6. Applicant, pursuant to Commission Rule 530 and/or the provisions of C.R.S. § 34-60-116 (6) and (7), hereby requests an order to pool all interests, including but not limited to, any non-consenting interests, in the Application Lands in the Codell and Niobrara Formations underlying the approximate 1,923.32-acre Drilling and Spacing Unit established for the Application Lands.

7. Applicant requests that the Commission's pooling order be made effective as of the earlier of the date of this Application, or the date that the costs specified in C.R.S. § 34-60-116(7)(b) are first incurred for the drilling of a horizontal well to the Codell or Niobrara Formation on the Application Lands.

8. Applicant certifies that copies of this Application will be served on all persons owning an interest in the mineral estate of the tracts to be pooled within seven (7) days of the date hereof, as required by Rule 503.e., and that at least thirty-five (35) days prior to the hearing on this matter, each such interest owner not already leased or voluntarily

pooled will be offered the opportunity to lease, or to participate in the drilling of any wells within the Drilling and Spacing Unit, and will be provided with the information required by Rule 530 as applicable.

9. In order to prevent waste and to protect correlative rights, all interests in the Drilling and Spacing Unit should be pooled for the orderly development and operation of the Codell and Niobrara Formations, including any non-consenting interests therein.

10. The granting of this Application is in accord with the Oil and Gas Conservation Act, found at §§ 34-60-101 et seq., C.R.S., and the Commission Rules.

WHEREFORE, Applicant requests that this matter be set for hearing in October 2017, that notice be given as required by law, and that upon such hearing, the Commission enter its order:

A. Pooling all interests in the 1,923.32-acre Drilling and Spacing Unit established for Section 12, Township 1 South, Range 67 West, 6th P.M., and Sections 7 and 8, Township 1 South, Range 66 West, 6th P.M., for the development and operation of the Codell and Niobrara Formations.

B. Providing that the Commission's pooling order is made effective as of the earlier of the date of this Application, or the date that any of the costs specified in C.R.S. § 34-60-116(7)(b) are first incurred for the drilling of a horizontal well in the Drilling and Spacing Unit to the Codell or Niobrara Formation on the Application Lands.

C. Providing that the interests of any owners with whom the Applicant has been unable to secure a lease or other agreement to participate in the drilling of a horizontal well are pooled by operation of statute, pursuant to C.R.S. § 34-60-116(6) and (7), and made subject to the cost recovery provisions thereof with respect to any horizontal well drilled to develop the Codell and Niobrara Formations in the Drilling and Spacing Unit comprising the Application Lands.

D. For such other findings and orders as the Commission may deem proper or advisable in this matter.

Dated: August 31, 2017.

Respectfully submitted:
