VERIFIED APPLICATION

COMES NOW, Ward Petroleum Corporation, Operator No. 10359 ("Ward" or "Applicant"), by its attorneys, Lohf Shaiman Jacobs Hyman & Feiger PC, and submits its Application to the Oil and Gas Conservation Commission of the State of Colorado, for an order pooling all interests in an approximate 1,280-acre drilling and spacing unit for production of oil, gas and associated hydrocarbons from the Codell and Niobrara Formations in a unit composed of Sections 13 and 24, Township 1 South, Range 67 West, 6th P.M. in the Wattenberg Field, Adams County, Colorado, and in support states as follows:

1. Applicant is duly organized and authorized to conduct business in the State of Colorado and has registered as an operator with the Commission, Operator No. 10359.

2. Applicant owns leasehold interests in the following described lands in Adams County, Colorado, containing approximately 1,280-acres (hereinafter, the "Application Lands" or the "Unit"):

Township 1 South, Range 67 West, 6th P.M.
Sections 13 and 24

3. On March 20, 2017, the Commission entered Order No. 407-1905, which established a 1,280-acre drilling and spacing unit for Sections 13 and 24, Township 1 South, Range 67 West, 6th P.M., and authorized the drilling of up to 23 horizontal wells in such unit to the Codell and Niobrara Formations, with the producing interval of the wellbores located no closer than 460-feet from the unit boundaries and no closer than 150 feet from the productive interval of any other wellbore located in the unit without exception being granted by the Director of the Commission.

4. Applicant has drilled the horizontal Schaefer 2413-3-15HN well (API No. 05-001-09860) (the "Well") to the Niobrara Formation on the 1,280-acre Unit.

5. At least thirty-five (35) days prior to the hearing on this Application, the Applicant will have sent all owners listed on **Exhibit A**, who have not previously consented to lease or otherwise participate in the drilling and completion of the Well, an Authority for Expenditures (AFE) and/or supporting documents which contain all information required by Commission Rule 530.b., and in case of unleased mineral owners, also an offer to lease which is reasonable based on the factors listed in Commission Rule 530.c.

6. Applicant anticipates that it will be unable to obtain consent to voluntary pooling by all interest owners in the Unit, and such owners shall be deemed non-consenting under Commission Rule 530.b and c. As a result, Applicant requests that all interests in the Unit, including but not limited to the nonconsenting interests, be involuntarily pooled pursuant to C.R.S. §34-60-116.

7. Ward therefore anticipates that an order of the Commission pooling all interests in the Unit for production from the Codell and Niobrara Formations shall be necessary in order to afford each owner of an interest in the Unit the opportunity to recover and receive its just and equitable share of the oil and/or gas from the common source of supply underlying the Unit.

8. As to the Well, the Applicant requests that the consenting parties be allowed to recover from any non-consenting owner's share of production the penalty costs provided in C.R.S. §34-60-116 (7) of the Colorado Oil and Gas Conservation Act, effective as of the date of this Application or the date which costs specified by C.R.S. §34-60-116(7)(b) were first incurred by Applicant for the drilling of the Well, whichever is first in time.

9. The Applicant agrees to first comply with the requirements of Rule 530.b and c with respect to any subsequent well in the pooled Unit, prior to applying the cost recovery provisions of said statute to such subsequent well.

10. The granting of the requested order would not be prejudicial to the owners in the Unit and would protect correlative rights.

11. The requested order should be effective upon oral order of the Commission, by which Ward agrees to be bound.

12. The names and addresses of those persons who own any interest in the mineral estate in the Application Lands, exclusive of overriding royalty interests, according to the information and belief of the Applicant are set forth on **Exhibit A**. Copies of this Verified Application shall be served on all such owners within seven (7) days of the date of this Application, as required by Commission Rule 503.e.

REQUEST FOR HEARING AND ORDER

WHEREFORE, Ward prays that this matter be set for hearing on December 11 or 12, 2017, notice of said Hearing be given as required by law, if no protest is timely received the matter be considered pursuant to Rule 511.b, and the Commission enter an Order pooling all interests in the Unit with respect to production of the Codell and Niobrara formations, and that such pooling Order:

(1) be upon terms and conditions which are just and reasonable and afford to the owner of each interest the opportunity to recover or receive, without unnecessary expense, his just and equitable share of oil and gas;

(2) provide that production obtained from the pooled Unit be allocated to each owner therein on the basis of the proportion that the number of mineral acres held by each owner in the Unit bears to the total number of mineral acres within the Unit;

(3) provide that with respect to the Wells the consenting parties be allowed to recover from any non-consenting owner's share of production the penalty costs as provided in C.R.S. § 34-60-116 (7)(b); effective as of the date of this Application or the date which costs specified by C.R.S. §34-60-116(7)(b) were first incurred by Applicant for the drilling of the Wells, whichever is first in time; and

(4) For such other and further findings and orders as the Commission may deem appropriate consistent with the foregoing requests.

RESPECTFULLY SUBMITTED this 27th day of September, 2017.
