

pBEFORE THE OIL AND GAS CONSERVATION COMMISSION
OF THE STATE OF COLORADO

IN THE MATTER OF THE APPLICATION)	CAUSE NO.
OF THE PROMULGATION AND)	
ESTABLISHMENT OF FIELD RULES TO)	DOCKET NO.
GOVERN OPERATIONS FOR THE)	
NIOBRARA FORMATION, WATTENBERG)	TYPE: POOLING
FIELD, WELD COUNTY, COLORADO)	

APPLICATION

PDC Energy, Inc. (Operator No. 69175) ("PDC"), by and through its attorneys, Burns, Figa, & Will, P.C., respectfully submits this Application to the Oil and Gas Conservation Commission of the State of Colorado (the "Commission") for an order pooling all interests within four approximate 640-acre Wellbore Spacing Units, as further defined below, for the drilling of the Fern 11V-204 well (API No. 05-123-44584), Fern 11V-214 well (API No. 05-123-44585), Fern 11V-304 well (API No. 05-123-44581), and Fern 11V-334 well (API No. 05-123-44588) ("Wells"), for the development of the Niobrara formation on the following described lands:

Township 5 North, Range 65 West, 6th P.M.

Section 9: NE $\frac{1}{4}$, E $\frac{1}{2}$ NW $\frac{1}{4}$

Section 10: N $\frac{1}{2}$

Section 11: W $\frac{1}{2}$ NW $\frac{1}{4}$

Weld County, Colorado, containing approximately 640.00 acres
("Application Lands")

In support of its Application, PDC states and alleges as follows:

1. PDC is a corporation duly authorized to do business in Colorado and is registered as an operator in good standing with the Commission.
2. PDC is an Owner with the right to drill into and produce from the Application Lands.
3. Rule 318A, as amended on August 8, 2011 addresses the drilling of horizontal wells under Rule 318A.a.(4)D. Rule 318A was originally established on April 27, 1998 to allow for certain drilling locations to drill or twin an existing well, deepen a well, or recomplete a well. Rule 318A also provided for the commingling of any or all of the Cretaceous Age formations from the Dakota formation to the surface. Rule 318A was first amended on December 5, 2005 to allow for interior infill and boundary wells and spacing units.
4. On February 19, 1992, the Commission entered Order No. 407-87 (amended August 20, 1993) which, among other things, established 80-acre drilling and

spacing units for the production of oil, gas, and associated hydrocarbons from the Codell-Niobrara formations, the Codell formation, and the Niobrara formation underlying certain lands, including the Application Lands, with the permitted well locations in accordance with the provisions of Order 407-1.

5. Also on January 26, 2012, the Commission entered Order No. 407-552, which, among other things, pooled all non-consenting interests in an 160-acre wellbore spacing unit for the S $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 3 and N $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 10, Township 5 North, Range 65 West, for the Winters 35-3 well (API No. 05-123-31655), from the Codell and Niobrara formations. Order No. 407-552 is not affected by this Application, and proceeds from any shared lands will be accounted for in the production of the Wells.

6. On December 15, 2015, the Commission entered Order No. 407-1587, which, among other things, pooled all non-consenting interests in two 639.179-acre wellbore spacing units for the W $\frac{1}{2}$ E $\frac{1}{2}$, E $\frac{1}{2}$ W $\frac{1}{2}$ of Section 4 and E $\frac{1}{2}$ W $\frac{1}{2}$, W $\frac{1}{2}$ E $\frac{1}{2}$ of Section 9, Township 5 North, Range 65 West, for the Sherley I-4-9HN well (API No. 05-123-40932) and the Sherley J-4-9HC well (API No. 05-123-40899), from the Codell and Niobrara formations. Order No. 407-1587 is not affected by this Application, and proceeds from any shared lands will be accounted for in the production of the Wells.

7. Also on December 15, 2015, the Commission entered Order No. 407-1589, which, among other things, pooled all non-consenting interests in four 648.4015-acre wellbore spacing units for the W $\frac{1}{2}$ of Section 4 and W $\frac{1}{2}$ of Section 9, Township 5 North, Range 65 West, for the Sherley E-4-9HN well (API No. 05-123-40966), Sherley F-4-9HN well (API No. 05-123-40897), Sherley G-4-9HC well (API No. 05-123-40896), and the Sherley H-4-9HN well (API No. 05-123-40900), from the Codell and Niobrara formations. Order No. 407-1589 is not affected by this Application, and proceeds from any shared lands will be accounted for in the production of the Wells.

8. On April 29, 2016, the Commission entered Order No. 407-1682, which, among other things, pooled all non-consenting interests in one 480-acre wellbore spacing unit for the S $\frac{1}{2}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$ of Section 9 and S $\frac{1}{2}$ N $\frac{1}{2}$, N $\frac{1}{2}$ S $\frac{1}{2}$ of Section 10, Township 5 North, Range 65 West, for the Arellano K-10-9HN well (API No. 05-123-41106), from the Niobrara formation; three 240-acre wellbore spacing units for the N $\frac{1}{2}$ SE $\frac{1}{4}$ of Section 9 and N $\frac{1}{2}$ S $\frac{1}{2}$ of Section 10, Township 5 North, Range 65 West, for the Arellano L-10-9HN well (API No. 05-123-41113), Arellano M-10-9HC well (API No. 05-123-41107), and the Arellano N-10-9HN well (API No. 05-123-41112), from the Codell and Niobrara formations; and two 480-acre wellbore spacing units for the SE $\frac{1}{4}$ of Section 9 and S $\frac{1}{2}$ of Section 10, Township 5 North, Range 65 West, for the Arellano O-10-9HN well (API No. 05-123-41110) and the Arellano P-10-9HN well (API No. 05-123-41109), from the Niobrara formation. Order No. 407-1682 is not affected by this Application, and proceeds from any shared lands will be accounted for in the production of the Well.

9. PDC designated these four 640-acre Wellbore Spacing Units for the production of oil, gas, and associated hydrocarbons from the Niobrara formation as provided by Rule 318A and notified the appropriate parties under Rule 318A.

10. Under the provisions of Rule 530 and C.R.S. § 34-60-116(6)–(7), PDC requests an order pooling all interests, including non-consenting interests and the ability to drill through all tracts, in the Application Lands for the development of the Niobrara formation underlying the following four approximate 640-acre Wellbore Spacing Units:

Wellbore Spacing Units (each 640.00 acres):

Fern 11V-204 (API No. 05-123-44584) – Niobrara

Fern 11V-214 (API No. 05-123-44585) – Niobrara

Fern 11V-304 (API No. 05-123-44581) – Niobrara

Fern 11V-334 (API No. 05-123-44588) – Niobrara

Township 5 North, Range 65 West, 6th P.M.

Section 9: NE $\frac{1}{4}$, E $\frac{1}{2}$ NW $\frac{1}{4}$

Section 10: N $\frac{1}{2}$

Section 11: W $\frac{1}{2}$ NW $\frac{1}{4}$

Weld County, Colorado (“Wellbore Spacing Units” in this Application)

11. PDC requests that the Commission’s pooling order be made effective as of the earlier date of this Application, or the date that the costs specified in C.R.S. § 34-60-116(7)(b)(II) are first incurred for the drilling of the Fern 11V-204 well, Fern 11V-214 well, Fern 11V-304 well, and Fern 11V-334 well to the Niobrara formation on the Application Lands.

12. PDC certifies that copies of this Application will be served on all owners of the mineral estate, as indicated and required by Rule 507.b(2), underlying the tracts of the Application Lands to be pooled within seven (7) days of the date hereof, and that at least thirty-five (35) days prior to the hearing on this matter, each such interest owner not already leased or voluntarily pooled will be offered the opportunity to lease, or to participate in the drilling of the Wells, and will be provided with the information required by Rule 530. The list of such Interested Parties, with all known parties to be pooled, is attached as Exhibit A.

13. In order to prevent waste and to protect correlative rights, all interests and tracts in the Wellbore Spacing Units should be pooled for the orderly drilling and development of the Niobrara formation.

WHEREFORE, PDC respectfully requests that this matter be set for hearing at the next available opportunity, that notice be given as required by law, and that the Commission enter an Order:

- A. Pooling all interests in the Application Lands and the Wellbore Spacing Units for the development of the Niobrara formation;
- B. Providing that the Commission’s pooling order is made effective as of the earlier date of the Application, or the date that the costs specified in C.R.S. § 34-60-116(7)(b)(II) are first incurred for the drilling of the Fern 11V-204

well, Fern 11V-214 well, Fern 11V-304 well, and Fern 11V-334 well in the Wellbore Spacing Units to the Niobrara formation on the Application Lands;

- C. Providing that the interests of any owners with whom PDC has been unable to secure a lease, other agreement to participate in the drilling of the authorized well(s), or those who consented to be pooled are pooled by operation of statute, pursuant to C.R.S. § 34-60-116(7), and made subject to the cost recovery provisions thereof with respect to the Fern 11V-204 well, Fern 11V-214 well, Fern 11V-304 well, and Fern 11V-334 well drilled to develop the Niobrara formations in the Wellbore Spacing Units comprised of the Application Lands; and
- D. Providing for such other findings and order as the Commission may deem proper or advisable in this matter.

[SIGNATURE PAGE FOLLOWS]

DATED this 18th day of January, 2018.

Respectfully submitted,

PDC Energy, Inc.
