Enerplus Resources (USA) Corporation (Operator No. 10177) ("Enerplus" or "Applicant"), by and through its attorneys, Beatty & Wozniak, P.C., respectfully submits this Application to the Oil and Gas Conservation Commission of the State of Colorado (the "Commission") for an order pooling all interests in an approximate 1,280-acre drilling and spacing unit established for Sections 18 and 19, Township 8 North, Range 66 West, 6th P.M., for the development and operation of the Fort Hayes, Carlile, Codell and Niobrara Formations. In support of its Application, Applicant states and alleges as follows:

1. Applicant is a corporation duly authorized to conduct business in the State of Colorado and has registered as an operator with the Commission.

2. Applicant owns a leasehold interest in the below-listed lands:

These lands are hereinafter collectively referred to as the "Application Lands" and depicted in Exhibit A, attached hereto.

3. Rule 318.a. of the Commission Rules provides a well to be drilled 2,500 feet or greater shall be located not less than 600 feet from any lease line, and shall be located not less than 1,200 feet from any other producible oil or gas well when drilling to the same common source of supply, unless authorized by the Commission upon hearing. The Application Lands are subject to this rule for the Fort Hayes, Carlile, Codell and Niobrara Formations.

4. On September 11, 2017, the Commission entered Order No. 535-865, which, among other things, established an approximate 1,280-acre drilling and spacing unit for the Application Lands, and approved eight horizontal wells within the unit, for the production of oil, gas and associated hydrocarbons from the Fort Hayes, Carlile, Codell, and Niobrara Formations.

- h. Wilson 8-66-19-18N Well (API No. to be assigned) – Niobrara Formation.

These wells are collectively referred to hereinafter as the “Subject Wells.”

6. Acting pursuant to the relevant provisions of §34-60-116(6) & (7), C.R.S., and Rule 530., Applicant seeks an order pooling all interests in the Application Lands, for the development and operation of the Fort Hayes, Carlile, Niobrara and Codell Formations.

7. Applicant requests that the Commission’s pooling order be made effective as of the earlier of the date of this Application, or the date that the costs specified in §34-60-116(7)(b), C.R.S. are first incurred for the drilling of any of the Subject Wells.

8. Further, Applicant requests that the interests of any owners with whom the Applicant has been unable to secure a lease or other agreement to participate in the drilling of the Subject Wells, are made subject to the cost recovery provisions of §34-60-116(7), C.R.S., effective as of the earlier of the date of the Application, or the date the costs specified in §34-60-116(7)(b), C.R.S. are first incurred for the drilling of any of the Subject Wells.

9. Applicant requests that relief granted under this Application should be effective on oral order by the Commission, and Applicant hereby agrees to be bound by said oral order.

10. The granting of this Application is in accord with the Oil and Gas Conservation Act, found at §34-60-101, *et seq.*, C.R.S., and the Commission rules.

11. The undersigned certifies that copies of this Application will be served on each interested party as required by Rule 507 within seven (7) days of the filing hereof, as required by Rule 503.e.
