These lands are collectively referred to as the "Application Lands."

3. On April 27, 1998, the Commission adopted Rule 318A, the Greater Wattenberg Area Special Well Location, Spacing and Unit Designation Rule. The Application Lands are subject to Rule 318A.

4. On February 19, 1992, the Commission entered Order No. 407-87 (August 20, 1993) which, among other things, established 80-acre drilling and spacing units for the production of oil, gas and associated hydrocarbons from the Niobrara and Codell Formations underlying certain lands, including the Application Lands, with the permitted well locations in accordance with the provisions of Order No. 407-1.

5. Pursuant to Rule 318A, Applicant designated each of the following horizontal wellbore spacing units and notified the appropriate parties under Rule 318A:

A. WSU No. 1 - A 808.98-acre wellbore spacing unit established for the Leinweber Fed 32N-8HZ well for the Niobrara Formation.

These wells are collectively referred to as the "Subject Wells."

6. At this time, Applicant has been unable to effect the voluntary pooling of all interest within the Application Lands for the wellbore spacing units. Accordingly, Applicant seeks an order pooling all interests in the wellbore spacing units comprising the Application Lands pursuant to Commission Rules and the provisions of § 34-60-116(6), C.R.S. for the development and operation of the Niobrara and Codell Formations.

7. Applicant confirms that it is not currently requesting that the Commission apply the statutory cost recovery provisions of § 34-60-116(7), C.R.S. against any interested party in this Application. Applicant reserves the right to seek an order to apply such provisions to any nonconsenting interest in the future through amendment of this Application or subsequent application.

8. In order to prevent waste and to protect correlative rights, all interests in the Application Lands should be pooled for the orderly development of the Niobrara and Codell Formations.

9. Applicant certifies that copies of this Application will be served on all persons owning an interest in the mineral estate of the tracts to be pooled within seven (7) days of the date hereof, as required by Rule 503.e.

WHEREFORE, Applicant requests that this matter be set for hearing at the next available opportunity, that notice be given as required by law, and that upon such hearing the Commission enter its order:
