

**BEFORE THE OIL AND GAS CONSERVATION COMMISSION
OF THE STATE OF COLORADO**

IN THE MATTER OF THE APPLICATION OF
NOBLE ENERGY, INC., FOR AN ORDER TO
ESTABLISH AN APPROXIMATE 2,240-ACRE
DRILLING AND SPACING UNIT FOR
PORTIONS OF SECTIONS 26, 27, 28, 33, 34,
AND 35, TOWNSHIP 6 NORTH, RANGE 64
WEST, 6TH P.M., TO APPROVE UP TO
TWENTY-ONE (21) NEW HORIZONTAL
WELLS IN THE 2,240-ACRE UNIT FOR THE
DEVELOPMENT AND OPERATION OF THE
CODELL AND NIOBRARA FORMATIONS,
WATTENBERG FIELD, WELD COUNTY,
COLORADO

CAUSE NO.

DOCKET NO.

TYPE: SPACING

APPLICATION

COMES NOW Noble Energy, Inc. (Operator No. 100322) ("Applicant"), by and through its undersigned attorneys, and respectfully submits this Application to the Oil and Gas Conservation Commission of the State of Colorado (the "Commission") for an order to establish an approximate 2,240-acre drilling and spacing unit for portions of Sections 26, 27, 28, 33, 34, and 35, Township 6 North, Range 64 West, 6th P.M., for the production of oil, gas and associated hydrocarbons from the Codell and Niobrara Formations and to approve up to twenty-one (21) new wells in the proposed approximate 2,240-acre drilling and spacing unit for the efficient and economic development of oil, gas, and associated hydrocarbons from the Codell and Niobrara Formations underlying the below-described lands. In support of its Application, Applicant states and alleges as follows:

1. Applicant is a corporation duly authorized to conduct business in the State of Colorado, and is a registered operator in good standing with the Commission.

2. Applicant is an Owner as defined by the Colorado Oil and Gas Conservation Act, § 34-60-103(7) and the Commission 100 Series Rules, owns leasehold interests and/or has the right to drill and produce on the following lands (hereafter "Application Lands"):

Township 6 North, Range 64 West, 6th P.M.

Section 26: W $\frac{1}{2}$

Section 27: All

Section 28: E $\frac{1}{2}$ E $\frac{1}{2}$

Section 33: E $\frac{1}{2}$ E $\frac{1}{2}$

Section 34: All

Section 35: W $\frac{1}{2}$

2,240 acres, more or less, Weld County, Colorado.

A reference map of the Application Lands is attached hereto.

3. On April 27, 1998, the Commission adopted Rule 318A, the Greater Wattenberg Area, Special Well Location, Spacing and Unit Designation Rule. The Application Lands are within the Greater Wattenberg Area ("GWA") and thus are subject to Rule 318A.

4. On February 19, 1992, the Commission entered Order No. 407-87 (amended August 20, 1993) which, among other things, established 80-acre drilling and spacing units for the production of oil, gas and associated hydrocarbons from the Codell and Niobrara Formations, with permitted well locations in accordance with the provisions of Order No. 407-1. The Application Lands are subject to this Order for the Codell and Niobrara Formations.

5. To promote efficient drainage within the Codell and Niobrara Formations of the Application Lands, to protect correlative rights and to avoid waste, the Commission should establish an approximate 2,240-acre drilling and spacing unit for Application Lands for the efficient and economic development and operation of the Codell and Niobrara Formations and allow the reduced setbacks for productive interval of each proposed horizontal well to be no closer than 460 feet on the eastern, western and southern boundaries of the proposed unit, and no closer than 120 feet from the northern boundaries of the proposed unit and all horizontal wells shall be no closer than 120 feet from the productive interval of another well producing from the same supply within the unit, unless a waiver or consent is obtained from the operator of such well.

6. Applicant has no objection to reciprocal setbacks for any other operator with leasehold and/or mineral interests in adjacent units to the Application Lands. Noble is the owner of the offset horizontal wells in the adjacent unit at the northern boundary of the proposed unit.

7. The above-proposed drilling and spacing unit will allow efficient drainage of the Codell and Niobrara Formations; will prevent waste; will not adversely affect correlative rights and will assure the greatest ultimate recovery of gas and associated hydrocarbon substances from the reservoirs. The unit of the size and shape specified above is not smaller than the maximum area that can be economically and efficiently drained by the proposed well in the unit.

8. Noble maintains that there will be no more than four (4) new well pads in the unit, or adjacent thereto, unless an exception is granted by the Director.

9. The productive interval of each proposed horizontal well shall be no closer than 460 feet on the eastern, western and southern boundaries of the proposed unit, and no closer than 120 feet from the northern boundaries of the proposed unit and all horizontal wells shall be no closer than 120 feet from the productive interval of another

well producing from the same supply within the unit, unless a waiver or consent is obtained from the operator of such well.

10. Noble is requesting to drill and complete up to twenty-one (21) new horizontal wells in the proposed approximate 2,240-acre drilling and spacing unit for the efficient and economic development of oil, gas and associated hydrocarbons from the Codell and Niobrara Formations underlying the Application Lands.

11. The undersigned certifies that copies of this Application will be served on each interested party as required by Rule 507 within seven (7) days of the filing hereof, as required by Rule 503.e.

12. The granting of this Application is in accord with the Oil and Gas Conservation Act, found at §§ 34-60-101 *et seq.*, C.R.S., and the Commission Rules.

13. Applicant requests that relief granted under this Application should be effective on oral order by the Commission, and Applicant hereby agrees to be bound by said oral order.

WHEREFORE, Noble respectfully requests that this matter be set for hearing in July, 2018, that notice be given as required by law, and that upon such hearing, the Commission enter its order to:

A. Establish an approximate 2,240-acre drilling and spacing unit for the W½ of Sections 26 and 35, the E½E½ of Sections 28 and 33, and all of Sections 27 and 34, Township 6 North, Range 64 West, 6th P.M. and approve up to twenty-one (21) new horizontal wells in the unit in order to efficiently and economically develop and recover the Codell and Niobrara Formations in the unit.

B. Provide that the productive interval of each proposed horizontal well shall be no closer than 460 feet on the eastern, southern and western boundaries of the proposed unit, and no closer than 120 feet from on the northern boundaries of the proposed unit and all horizontal wells shall be no closer than 120 feet from the productive interval of another well producing from the same supply within the unit, unless a waiver or consent is obtained from the operator of such well.

C. Providing that no more than four (4) new well pads in the unit, or adjacent thereto, unless an exception is granted by the Director.

D. Finding that the approximate 2,240-acre drilling and spacing unit for the development of oil, gas, and associated hydrocarbons from the Codell and Niobrara Formations underlying the Application Lands will prevent waste, protect correlative rights, and maximize the efficient and economic production of the Codell and Niobrara Formations in the W½ of Sections 26 and 35, the E½E½ of Sections 28 and 33, and all of Sections 27 and 34, Township 6 North, Range 64 West, 6th P.M.

E. For such other findings and orders as the Commission may deem proper or advisable in this matter.

DATED May 3, 2018.

Respectfully submitted:

NOBLE ENERGY, INC.
