Extraction Oil & Gas, Inc. ("Extraction" or "Applicant"), Operator No. 10459, by its attorneys, Welborn Sullivan Meck & Tooley, P.C., respectfully submits this Application to the Oil and Gas Conservation Commission of the State of Colorado ("Commission" or "COGCC") for an order pooling all interests in an approximate 1600-acre drilling and spacing unit established by Order Nos. 407-2256 and 407-2274 covering certain lands in Township 1 South, Range 68 West, 6th P.M., Broomfield County, Colorado for the development and operation of the Niobrara and Codell Formations. In support thereof, Applicant states:

1. Applicant is a Delaware corporation duly authorized to conduct business in the State of Colorado and is a registered operator in good standing with the Commission.

2. Extraction owns oil and gas leasehold interests in the following lands ("Application Lands") and therefore is an owner of an interest in the mineral estate of the tracts to be pooled with standing to maintain this application pursuant to Commission Rule 503.b.(2):

Township 1 South, Range 68 West
Section 7: S½
Section 18: All
Section 19: All

containing 1,600 acres more or less.

A reference map of the Application Lands is attached as Exhibit B hereto.

3. On April 27, 1988, the Commission adopted Rule 318A, the Greater Wattenberg Area Special Well Location, Spacing and Unit Designation Rule.

4. On December 11, 2017, the Commission entered Order No. 407-2256, which established an approximate 1600-acre drilling and spacing unit covering the Application Lands for the production of oil, gas, and associated hydrocarbons from the Niobrara and Codell Formations and approved one horizontal well within the unit with the productive interval to be located no closer than 150 feet from the productive interval of any other wellbore within the unit and no closer than 460 feet from the South, East, and West unit boundaries and no closer than 150 feet from the North unit boundary, without exception being granted by the Director.

5. On December 11, 2017, the Commission entered Order No. 407-2274, which approved up to twenty (20) horizontal wells within the Application Lands for the production of oil, gas, and associated hydrocarbons from the Niobrara and Codell Formations with the productive interval of each wellbore to be located no closer than 150 feet from the productive interval of any other wellbore within the unit and no closer than 460 feet from the South, East, and West unit boundaries and no closer than 150 feet from the North unit boundary, without exception being granted by the Director.

6. Applicant intends to drill the following wells in the Application Lands to the Niobrara and Codell Formation with anticipated spud dates in 2nd Quarter 2019:

Well Name and API No.	Formation
Livingston S19-25-14C (API No. 05-014-20757)	Codell

Livingston S19-25-2C (API No. 05-014-20753)	Codell

(collectively, the "Wells").

7. Pursuant to the relevant provisions of Section 34-60-116(6) & (7), C.R.S., as amended, and Commission Rule 530, Applicant seeks an order pooling all interests in the Application Lands for the development and operation of the Niobrara and Codell Formations.

8. Applicant certifies that, at least sixty (60) days prior to the date of the hearing for this Application, each owner which Applicant was able to locate, not already leased or voluntarily pooled, was provided with the well proposal and information required by Section 34-60-116(7), C.R.S. and Commission Rule 530 and tendered a reasonable offer to lease (if an unleased mineral owner), or participate and bear costs associated with the drilling and completion of the Wells. Applicant further certifies that the well proposal and lease offer to unleased mineral owners included the COGCC pooling brochure as required by Section 34-60-116(7)(d)(I), C.R.S.

9. Applicant requests that a pooling order be entered as a result of this Application, that it be made effective as of the earlier of the date of this Application, or the date costs specified in Section 34-60-116(7)(b), C.R.S., are first incurred for the drilling of each of the Wells and that it specify that a nonconsenting owner is immune from liability for costs arising from spills, releases, damage, or injury resulting from oil and gas operations on the drilling unit.

10. The granting of this Application would be in accord with the Oil and Gas Conservation Act, found at Section 34-60-101, *et seq.*, C.R.S., as amended, and the Commission Rules.

11. The names of the interested parties (persons who own an interest in the mineral estate of the tracts to be pooled, except owners of overriding royalty interest) are attached hereto and marked Exhibit A. Applicant certifies that copies of this Application will be served on all locatable interested parties within seven (7) days of the date hereof, as required by Commission Rule 507.b.(2).

WHEREFORE, Applicant respectfully requests that this matter be set for hearing, that notice be given as required by law and that upon such hearing this Commission enter its order:

A. Pooling all interests in the Application Lands for the development and operation of the Niobrara and Codell Formations;

B. Providing that the pooling order is made effective as of the date of this Application, or the date that the costs specified in Section 34-60-116(7)(b)(II), C.R.S., are first incurred for the drilling of the Wells identified in paragraph 7 above;

C. Providing that the interests of any owners, with whom the Applicant has been unable to secure a lease or other agreement to participate in the drilling of the Wells, are pooled by operation of statute, pursuant to Section 34-60-116(7), C.R.S., and made subject to the cost recovery provisions thereof and that a nonconsenting owner is immune from liability for costs arising from spills, releases, damage, or injury resulting from oil and gas operations on the drilling unit; and

D. For such other findings and orders as the Commission may deem proper or advisable in the Application Lands.
