APPLICATION

On October 16, 2018, CCRP Operating, Inc. (Operator No. 10665) ("CCRP" or "Applicant"), filed a verified application ("Application") pursuant to §34-60-116, C.R.S., for an order:

- 1) Modifying Order No. 421-15 to establish an approximate 1,251.52-acre drilling and spacing unit for the Application Lands, and authority to drill 14 horizontal wells within the proposed unit, for production of oil, gas and associated hydrocarbons from the Codell, Fort Hays, Carlile, and Niobrara Formations, with the treated interval of any horizontal well permitted under this Application located not less than 300 feet from unit boundaries and not less than 150 feet from any other well producing or drilling from the Codell, Fort Hays, Carlile, and/or Niobrara Formations, without exception being granted by the Director.
- 2) Limit the drilling of any permitted wells under this Application to no more than four multi-well pads within the drilling and spacing unit, or on adjacent lands with surface owner consent, without exception being granted by the Director.

APPLICABLE ORDERS AND RULES

(available online at: <http://cogcc.state.co.us>, under "Regulation," then select "Orders" or "Rules")

- On February 22, 2010, the Commission issued Order No. 421-1 which, among other things, established an approximate 640-acre drilling and spacing unit for Section 26, Township 12 North, Range 62 West, 6th P.M., and authorized the drilling of one horizontal well within said unit, for production of oil, gas and associated hydrocarbons from the Niobrara Formation, with the treated interval of any permitted well located not less than 600 feet from unit boundaries, unless authorized by the Director by exception.
- On October 21, 2010, the Commission issued Order No. 421-3 which, among other things,

established an approximate 640-acre drilling and spacing unit for Section 23, Township 12 North, Range 62 West, 6th P.M., and authorized the drilling of one horizontal well within said unit, for production of oil, gas and associated hydrocarbons from the Niobrara Formation, with the treated interval of any permitted well located not less than 600 feet from unit boundaries, unless authorized by the Director by exception.

- On January 7, 2013, the Commission issued Order No. 421-15 which, among other things, vacated two approximate 640-acre drilling and spacing units previously established for the Application Lands, and established an approximate 1,240-acre drilling and spacing unit for the Application Lands, and authorized the drilling of ten wells within the unit, for production of oil, gas and associated hydrocarbons from the Niobrara Formation, with the treated interval of any permitted well located not less than 600 feet from unit boundaries and an interwell setback of not less than 460 feet from any well drilling or producing from the Niobrara Formation, unless granted an exception by the Director.
