Wayne,

Lindsey and I will sign the BMP's and put them in the mail.

Regards,
Mike Johnson

Good Afternoon Mr. and Mrs. Johnson,

As part of Laramie's ongoing activity on your property in West Mamm we are in the process of getting approval from the State for the 5 surface locations we agreed upon last fall.

Part of the new COGCC rules require landowner concurrence in regards to wildlife Best Management Practices on private lands. In order for the COGCC to approve the locations,

It will need a signed concurrence from you agreeing to the proposed Best Management Practices Laramie intends to implement on your property.

Attached for your review is the BMP's Laramie proposes on your property. Most if not all of it is standard operating practices to reduce the impact to the wildlife Laramie implements in all of its operations. If you would, please review, and if you find it acceptable, please sign page 3 of the document and E-mail or mail back to me at the below address.

Thank you for your time in this matter.
