Dear Director:

Per rule 603.a.2, Petroleum Development Corporation doing business as PDC Energy ("PDC") is requesting a surface location waiver for the above-captioned wells.

The locations will be drilled closer than 150' from the nearest property line. This location is a good location to both reduce the impact on the surface owner and to increase the number of wells reachable from one well pad to minimize surface disturbance.

We respectfully request that you approve this waiver per the request of the surface owners and to reduce the impact on surface operations. Attached are the surface location waivers.

If you have any questions, please contact the undersigned at 303-860-5800.

Sincerely,

A handwritten signature in blue ink that reads "Liz Lindow".
