Remediation Project # 6177
Spill/Release Form 19 Tracking # 1984975
Mesa County, Colorado

Dear Mr. Padilla,

Colorado Oil and Gas Conservation Commission (COGCC) staff has reviewed the documentation submitted on September 23, 2011 for the referenced site. Based on review of data presented, it appears that no further action is necessary at this time at this site. However, should future conditions at the site be discovered of contaminant concentrations in soils exceeding COGCC standards or if groundwater is found to be significantly impacted, COGCC may require that further investigation and/or remediation be conducted.

The remediation project has been closed in the COGCC database with the respective Form 27As. If you require any additional information, please call me at (970) 625-2497.

Sincerely,

Carlos Luján for
