Heath,

As we discussed this morning, attached is a Notice of Alleged Violation (NOAV) for E&P waste issues at a property located in the NENE Sec 14, T-8-N, R-61-W, Weld County, Colorado. Based on my investigation the waste was generated from the Hahn 1-4H (API #123-34199). The waste was being transported by Lozano Trucking and Integrity Trucking. Please see the required corrective actions and let me know if you have any questions. A separate page is attached to the NOAV with the complete text of the corrective actions since it wouldn't all fit into the form. I've also attached a copy of an aerial photo along with the county records for the property. The aerial shows where the dumping has taken place.

The original NOAV will be sent to your attention via certified mail today.

Thank you for your attention to these matters.

Sincerely,

John Axelson, P.G.
