(PDC), as operator of record, of its intention to conduct drilling operations on the captioned wells. Also enclosed is a site diagram that depicts the area, per COGCC rules, within which the well(s) may be located, and the proposed location of the well(s), access road(s), and production facilities. Additionally, enclosed please find a copy of the COGCC's brochure describing surface owner rights and responsibilities, and a copy of the COGCC's on-site inspection policy. I have also enclosed a Waiver Letter (related to the well locations) that is required to be signed and attached to PDC's drilling permit application with the COGCC. It is requested that you sign and return this Waiver. As surface owner you have the responsibility for notifying any affected tenant farmer, lessee or other party that may own or have an interest in any crops or surface improvements that could be affected by these proposed operations.
