RE: Location ID - 335669  
OGCC Disposal Facility Number- 159389  
API- 05-045-11293  
Spill/Release ID- 446199  
REM - 9748

Valois Shea, EPA Region 8 Permit Officer, and Bob Koehler, COGCC UIC Lead, had a telephone conversation on December 6, 2016 at about 3:45 PM regarding disposal of groundwater contaminated by an underground leak or spill from flowlines or pipelines. Our discussion was in reference to Spill/Release # 446199 in NENE 27-4S-96W in Garfield County. It was concluded that the contaminated groundwater was an Exempt E&P Class II waste as it originated from primary operations within an oil & gas field.
