General Comment:

2017 Flowline NTO Inspection 1000' Buffer (or statewide).

Well was plugged 10/16/2014).

This is also a Reclamation Inspection for PA Well API#067-06961.

Equipment is removed from well pad area and well head was not observed. Tank battery with unused equipment directly south of the location is still in place and unreclaimed. No flowline risers were observed. No revegetation has occurred in well pad area. Access road is still in place. Inspection has been forwarded to the orphan well program manager as the operator on record is no longer operating this well. See attached photos.
