Operator Comment: Mr. Labowskie,
Thank you for your time to discuss this matter yesterday. To address our failure to file the timely spud notice and rig move for this well, our drilling manager and I held a meeting with our new Wellsite Leaders that are responsible for providing notices of these activities. We discussed the requirements with them and provided an instruction guide for e-filing Form 42's for spud, rig move and running casing. We found that several of them did

not have login id's for the system, so we created e-file accounts for them. In addition, they we instructed to contact me any time they have a question or if they encounter problems using the system. We will also file a corrective action response through the e-form system. Please let me know if you have any questions or if you need additional information.

Thank you,
Chris
