Detailed description of the issue or issues.	, Tonight at 8pm, I went outside into my yard and was immediately met by an overpowering petroleum smell. It caused my throat to constrict and my sinuses to burn. It almost makes me feel dizzy when I'm out too long in it. This happens nearly every day (at different times of day, but commonly in the evening). My husband and I have grown so tired of having to file complaints, some days we take turns. Admittedly, some days we are too tired and we do not file a new complaint. In our opinion the COGCC is failing Erie citizens and is negligent in allowing Crestone to poison our air and create a nuisance.
