Weld County, Colorado

Dear Mr. Johnson:

Crestone Peak Resources Holdings LLC ("Crestone") staked the Hingley 3A – 3K wells at surface locations as notated above. These wells are being drilled under the rules and regulations of the Colorado Oil and Gas Conservation Commission's ("COGCC") Rule 318A known as the Greater Wattenberg Area Special Well Location, Spacing and Unit Designation Rule. This rule states that all boundary infill wells be drilled from the same surface locations as previously designated in Rule 318A.a.(2) which reads:

"The Greater Wattenberg Area ("GWA") is defined to include those lands from and including Townships 2 South to 7 North and Ranges 61 West to 69 West, 6th P.M. In the Hicks & Johnson Dacono Farm LLP

Rule 318A.a.(2) waiver
March 9, 2018
Page 2 of 2

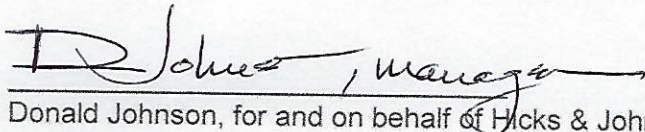

GWA, operators may utilize the following described surface drilling locations (GWA windows") to drill, twin, deepen, or recomple a well (GWA well") and to commingle any or all of the Cretaceous Age formations from the base of the Dakota Formation to the surface:

- (2) A square with sides eight hundred (800) feet in length, the center of which is the center of any governmental quarter section ("800 window").

These wells were staked south 800' window. As this location was staked with your consent and approval, Crestone respectfully requests your consent to an exception location for these wells by waiver of the COGCC Rule 318A.a.(2).

If this meets with your approval, please sign and date both originals of this letter, keeping one for your files and returning one to the undersigned.

THE UNDERSIGNED SURFACE OWNER HEREBY WAIVES RULE 318A.a.(2) AS IT APPLIES TO THE SURFACE LOCATION OF THE WELLS AND APPROVES THE SURFACE LOCATION OF THE WELLS AS NOTATED ON PAGE 1 ABOVE.

Donald Johnson, for and on behalf of Hicks & Johnson Dacono Farm LLP
