**Comments:**

This well was plugged in 2002. The location was ripped, then spread with gypsum, manure and seed. The grass has grown back to its original condition. The farmer has over-grazed this field so the location grass is really short, but that is consistent with the rest of the over-grazed field. All pictures were taken on April 23, 2018. Latitude: 37.176183 Longitude: -102.337793
