**General Comment:**

This is a good housekeeping inspection.

On April 23rd, 2019, Reclamation Specialist Trujillo and ODO Reclamation Specialist Conklin met with contractors to go over a bid packet for stormwater, weed and vegetation maintenance on Benchmark locations in the Mount Hope field.

This location has not been included in the bid packet, however, weed maintenance is advised. See "good housekeeping".

| Comment:           | Weed debris has accumulated around areas of the well, production area and access road. Undesirable weedy plant germination and establishment observed in same areas and will likely contribute to weed debris accumulation on location and on well. Weed management and debris removal is advised. |       |  |
