Subject: Re: FW: Pikes Reclamation

Phyllis,

Please leave the yellow, gree, and pink portion of the road in place.

Thank you,

Steve Freese

Mr. Freese:

Adam is on vacation the remainder of the week so I am attaching 2 maps that our Storm Water reps drew up yesterday after visiting the site Monday of the reclamation of the existing and new access road for the Pikes 1-14 site. If you could please review we would like to leave (and get released) the yellow portion of the access road (as I am under the impression that Mr. Trainor wants to keep that portion) and the small portion in pink on section 14 that has not been reclaimed. If you wish to have all of the pink portion reclaimed please let us know. The green portion is the road that was already in place.

Please review and let us know what you wish us to do and we will get it done to your expectations.

Thank you

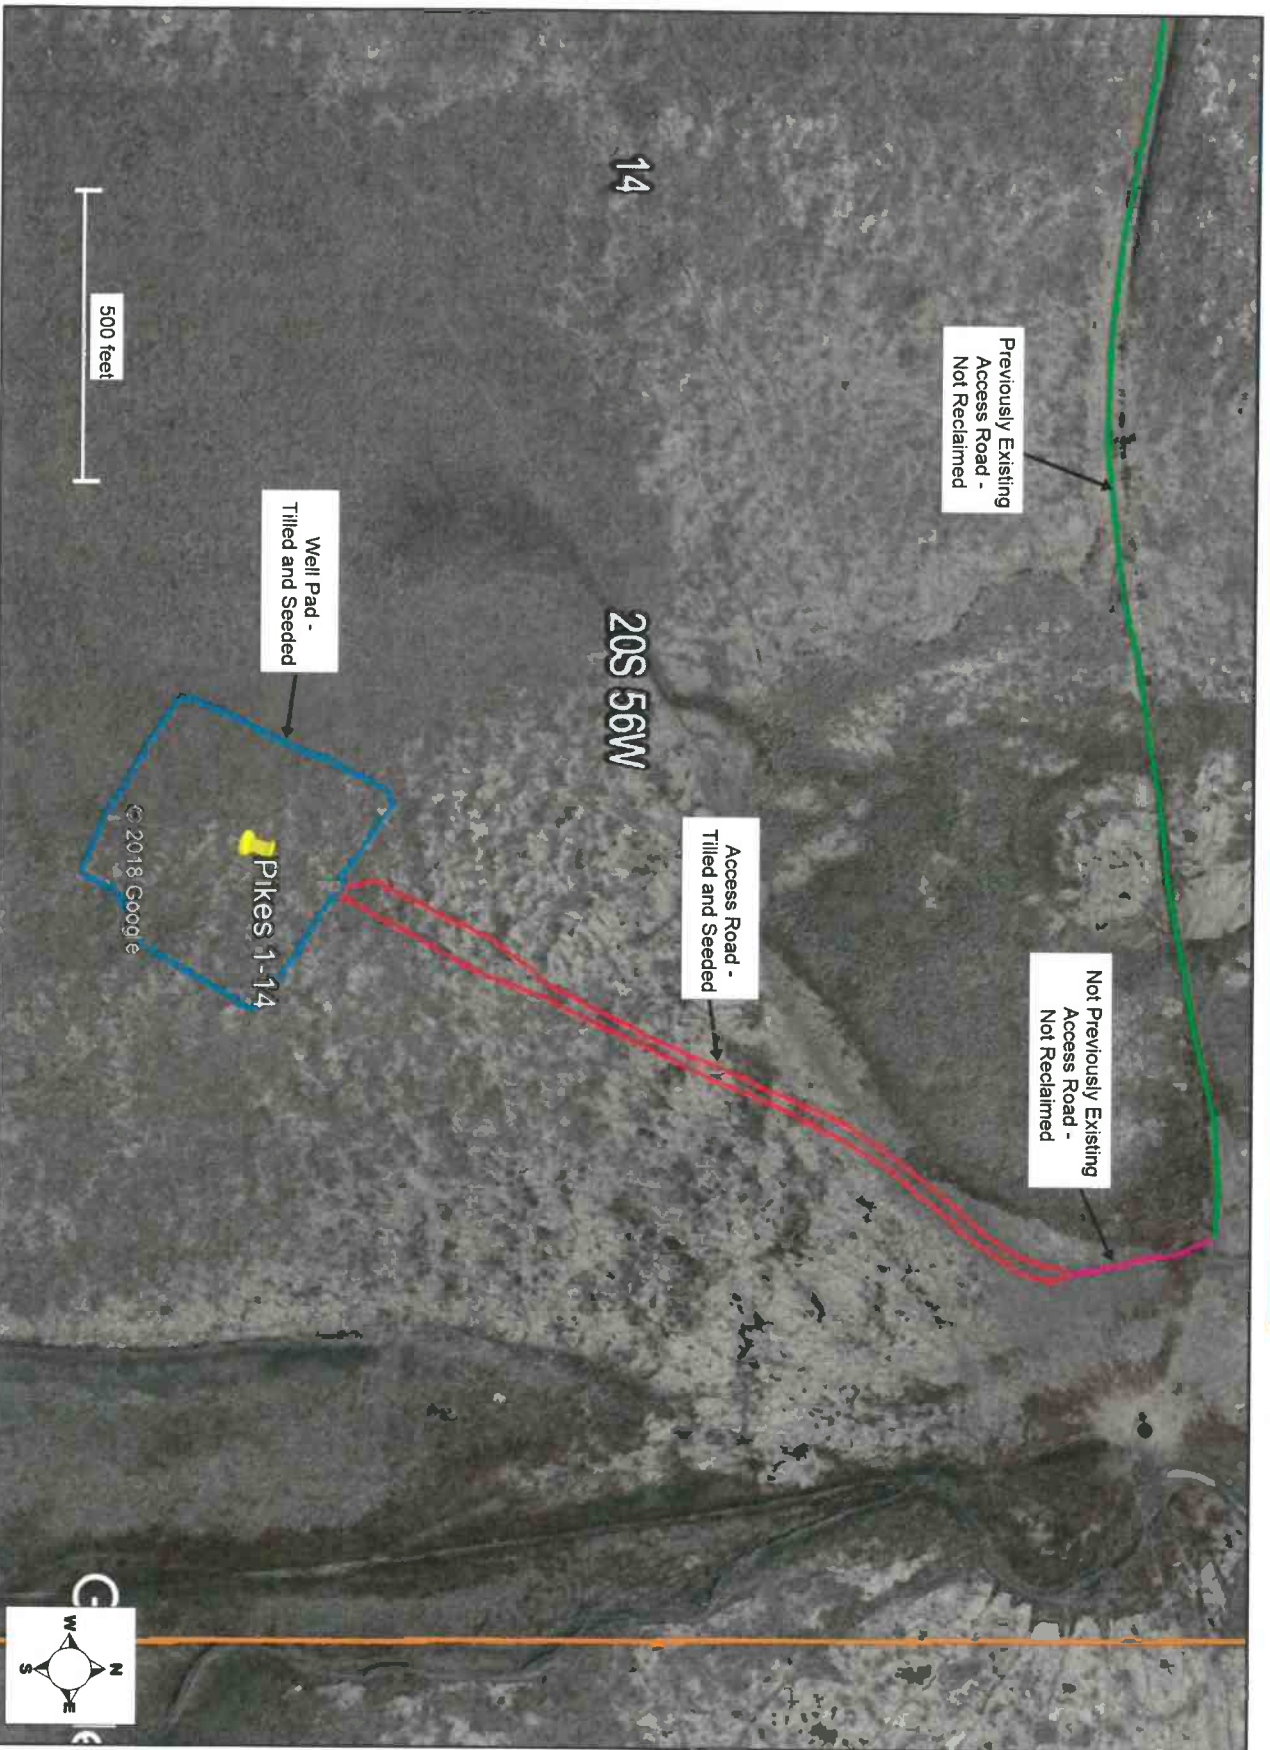

Phyllis Brewer
