**General Comment:**

This is an environmental follow up inspection to document status of previously detected leak of gas observed at wellhead. A 4 gas meter did not detect a leak at or around the wellhead at the time of inspection. During inspection the well was actively producing. Operator has repaired leak as required per inspection 699400068.

Photos attached to document site at the time of inspection.

Tank labels are fading and should be replaced. See Corrective Action listed.
