General Comment:

On 2/13/2020, Reclamation Specialist Trujillo conducted a final reclamation and stormwater inspection at Eagle Operating Inc's E-M Emerald C-2HZ location in Rio Blanco County, Colorado.

This inspection is to document compliance for the following corrective actions from Field Inspection Report No. 692401204:

Conduct Final Reclamation

Contact NW Area Engineer regarding Form 6(s)

Refer to the "Reclamation" section of this inspection report for additional details.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

Comment:

FIR No. 692401204 documented that the Location has not been reclaimed in accordance with 1004 rules. Inspection also documented that form 6(s) No. 1259035 does not appear to be complete; cement tickets missing.

It was observed in this inspection that location was covered in snow, preventing Reclamation Specialist from conducting an accurate assessment of the reclamation. No form 42 notice, FIR Resolution form, or Sundry has been submitted by the Operator to document/provide notice that the corrective actions have been addressed. Therefore the corrective actions from FIR No. 692401204 will remain applicable until a followup inspection is conducted to determine compliance.

Corrective Action:

There are two CAs in this Section:

1) Perform Final Reclamation per COGCC 1004 Rules including re-contouring, seeding of site and access road. Install appropriate BMPs to stabilize location until vegetation establishes; all Reclamation Activities to be complete by May 1, 2019.

2) Contact NW Area engineer re: Form 6S - if any further information is needed by 8/27/19.

Date **08/27/2019**
