General Comment:

On 6/12/2020, Reclamation Specialist Trujillo conducted an interim reclamation inspection on Laramie Energy LLC's Shell 79714-01D Location in Garfield County, Colorado.

It was observed that the Location is out of compliance with 1003 Interim Reclamation Rules.

Refer to the "Reclamation" section of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

Comment See "COGCC Comments" for comments regarding interim reclamation.

Corrective Action Comply with 1003 Rules and conduct interim reclamation including, but not limited to, compaction alleviation (cross ripping to a minimum depth of 18"), returning segregated soils to their original relative positions, recontouring/regrading and revegetation activities. Use a seed mixture requested by the surface owner, or a mixture prescribed by the local soil conservation district. Ensure erosion controls are implemented to stabilize the seeded soil.
