OPERATOR COMMENT AND SUBMITTAL

Comment: Utah Gas Corp acknowledges that a Form 27 will need to be submitted when the permitted production pit at the Big Horse Draw 28-1 well location is to be closed. This will be done at the time of well plugging and abandonment, or if UGC determines that the pit is no longer needed. At this time, there is no indication from the Field Inspection (doc. 700403068), or our inspection of the site, that there is any threat to public health or environment. For current operations of this well, UGC wishes to continue having the permitted pit available for operations, as needed.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct, and complete.
