<p>THIS IS A FOLLOW UP INSPECTION TO PREVIOUS INSPECTON DOC#: 679602795. All previous corrective actions have not been resolved. Previous corrective actions have been re-assigned to this location with their original corrective action date. No new corrective actions were observed at the time of re-inspection.</p> <p>COGCC Inspection Report Summary **Weather Conditions: sunny, dry ground On Tuesday, September 22, 2020 at approximately 12:00, I, Inspector Brittani Santistevan, conducted an on-site inspection at SEGL PAD (PDC Energy), at location #: 336655 in WELD COUNTY Colorado. While there, I observed a shut in facility. During this inspection the following possible compliance issues were observed: 1. It appears to be stained soil at two wellheads under master valve. Conduct maintenance on equipment, cleanup stained material and review self inspection processes per Rule 1002.f.(2).d. (Corrective Action Date: September 3, 2020) See attached photos #2, 6. 2. One battery was removed from location, and other was moved just outside wellhead fencing. Remove to comply with Rule 603.f. (Corrective Action Date: September 3, 2020) See attached photo #5.</p> <p>A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.</p>	santistb	09/22/2020
