General Comment:**COGCC Inspection Report Summary**

On Wednesday 12/9/20 at approximately 1430, I, Inspector Scott Ramsey, conducted a routine inspection at Grizzly Herrera, at Location # 335445 in Garfield county Colorado.

While there, I observed normal production operations. All meters have been calibrated on location within the past year.

During this inspection the following possible compliance issues were observed:

- Location shows signs of lack of stabilization BMP's in some areas (rutting is present) BMP's require maintenance which in turn can lead to tracking
 - No evidence of tracking control BMP's
- Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
