**General Comment:**

COGCC Inspection Report Summary of A follow up to 11/05/2020 Inspection # 701100720

Location is in close proximity of Roan Creek and in a High Priority Habitat Area. (Elk Migration Corridor, Elk Winter Concentration Area, Mule Deer Winter Concentration Area)

Trash (wood pallett) has been removed from location.

During this inspection the following un resolved compliance issues were observed:

Emergency phone # not legible on battery sign. Operator phone # and nearest road not on sign.

No NFPA sticker on Production water tank.

Access road and location shows signs of lack of stabilization BMP's in some areas. Storm

water washing over edge of location at separator and tank battery. Culvert on access road

just past gate needs maintained. Impoundment of storm water in earthen tank berm.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.
