Re: Robert Schulein  
Travis No. 1  
NE SW Section 3-9N-56W  
Weld County, Colorado

Gentlemen:

Enclosed for your information and approval are all of the state forms regarding subject well that you require. Also enclosed is a copy of the cementing ticket to plug and abandon.

I sincerely regret that the Application for permit to Drill was not submitted properly. We had originally planned to drill for Robert Schulein the Walsh-State No. 1 located in Section 16-9N-56W. A permit for the well was filed and approved on July 23, 1974. Subsequently Mr. Schulein changed plans and requested that we drill the Travis No. 1 instead. At that time, I stupidly overlooked the fact that another permit should be submitted.

I apologize for the error and the confusion that resulted and trust that you will accept the forms as now submitted. If another filing fee of \$75.00 is required please let us know.

Yours truly,

*Called 6/11/75
