I received your telephone call today regarding the GPS measured distance of 771.4 feet between Pelican's proposed well and Citation's Darnell Trust 24-17 Well. Let this e-mail message serve to amend the below e-mail sent to you yesterday, such that it is replaced in its entirety with the following:

Dear Mr. Kennedy,

I would first like to thank you and Citation Oil & Gas, in advance for

granting the exception location Rule 318 (c) for Section 20-12s-44w, Cheyenne County, CO.

Per your request, the location is as follows. 440' FNL, 1505' FWL.

In talking to Mr. Ahlstrand from the COGCC, we are requesting a letter from Citation for your approval of this exception request.

I spoke with Mrs. Darnall in Russell Springs, KS and she has given me verbal approval of said exception. We will be sending her a Fed Ex letter for her approval and then on to the COGCC.

I have been able to reschedule our rig, due to move May 2. Would you please forward the necessary approval for my request via email or fax.

Thank you again, and hope to be doing business with you in the future.

If you should have any questions, please feel free to call 949-632-5789.

Sincerely,

Allen J. Gross
