Comment: There is an associated meter shed which is approximately 500' south of the well site. The meter shed and risers have not been removed and the access road has not been reclaimed. The area around the meter shed has not re-established vegetation and was a remediation site (15744) of impacted soils. There is an area at the well site with no vegetation establishment and areas with undesirable weeds. The previous corrective action has not been completed. Corrective action must be completed immediately.
