COGCC Inspection Report Summary

**Weather Conditions: sunny, dry ground

On Tuesday, July 26, 2022 at approximately 15:30, I, Inspector Brittani Santistevan, conducted an on-site inspection at LUNDVALL 13-13 (PDC Energy), at location #: 329427 in WELD COUNTY Colorado.

While there, I observed a shut in wellhead.

During this inspection the following possible compliance issues were observed:

1. It appears to be stained soil under master valve. Conduct maintenance on equipment, cleanup stained material and review self inspection processes per Rule 1002.(2).d. (Corrective Action Date: August 16, 2022) See attached photo #3.

A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report.
