**General Comment:****COGCC Inspection Report Summary**

On Thursday 2/23/2023, I, Inspector Scott Ramsey, conducted a follow up inspection at TEP CB 4, at Location # 334674 in Garfield county Colorado.

Any Corrective Actions from previous Inspections that have not been addressed are still applicable.

While there, I observed normal production operations. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife Management. Operator (TERRA) has provided there Piceance Basin Storm water Manual of BMP's (SC-4) for a tracking pad.

Inspection is conducted also for complaint on CB4 SWD. I witnessed in the time frame of inspections around CB4 SWD 3 bob tail trucks and 1 transport truck in the 4 hours of inspections at locations in close proximity to CB4 SWD.

C/A (stored/unused equipment, load line) from previous inspection document # 700703859 has not been completed.

During this inspection the following compliance issues were observed:

1. Stored/unused equipment (C/A date remains the same 5/11/2022)
2. Caps/plugs missing on tank (C/A date remains the same 5/11/2022)
3. Some tanks lacking or wrong information
4. One well sign is illegible.

Refer to photograph of observed compliance issue.

A follow up on this site inspection may be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.

**Location**Overall Good: ☐**Signs/Marker:**

Type	OTHER		
Comment:	Separator units include attached storage tanks. The sight glass located on the side of the unit indicates the storage tank is full of fluid. Labeling or markers are present to identify a potential hazard or the contents of the storage tank.
