General Comment:

COGCC Inspection Report Summary
 On Monday 3/13/2023, I, Inspector Scott Ramsey, conducted a routine inspection at Caerus O18, at Location # 311604 in Garfield county Colorado.
 Any Corrective Actions from previous Inspections that have not been addressed are still applicable.
 While there, I observed normal production operations. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife Management Area. Also location is within or in close proximity to the 411 water protection area. Operator (Caerus) has provided documentation of their Best Management Practices for Sediment Tracking Controls.

No access to well heads, tanks and separators due to snow.
 During this inspection the following compliance issues were observed:
 1. Location and access road show signs of lack of stabilization and lack of tracking controls. Location is a drive through location. Snow has been pushed to edge of location.
 Refer to photograph of observed compliance issue.

A follow up on this site inspection may be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.
 This is a summary of inspection report.
