FIELD OPERATIONS NOTICE

The Form 42 shall be submitted as required by Rule, Notice to Operators, Policy, or Condition of Approval.
A Form 42 Update shall be submitted to revise the scheduled date or time on a previous Form 42 - Advance Notice of Field Operations.
A Form 42 Update must be for the same well, location, or facility and for the same Field Operation as a previous Form 42.
NOTE: Operator's Contact for Advance Notices of Field Operations should be available 24 hours a day, 7 days a week and should have the most current scheduling information for the operation. Operator's Contact for other notices should be able to respond to questions regarding the reported information.

Update of a previous Form 42 Notice NO

NOTICE OF WELL LIQUIDS UNLOADING – Prior Notice Required

Start Date: 06/22/2023

Check appropriate box for timing of notice below. (Only 1 box may be checked.)

☒ 48 HOUR NOTICE

OR

☐ 2 HOUR NOTICE. Start Time: _____ (HH:MM)Is the estimated duration of the Well Liquids Unloading anticipated to last for longer than one day? Yes

If YES, describe the estimated anticipated duration of these operations:

Well liquids unloading attempts are anticipated to begin on 6/22/2023. If wellhead pressure goes to 0 within 5 minutes of valve opening, the well will be shut in for approx. 24 hours after which another attempt will be made. Repeated attempts to unload the well will continue in this manner as needed through 6/28/2023 or until well liquids are successfully unloaded. Favorable wind conditions for venting will also be required before each unloading attempt.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct and complete.
