**Subject:** [EXTERNAL] Fwd: Consultation Request for Upcoming Civitas Operations  
**Attachments:** Civitas - CPW Consultation Spreadsheet - 11.07.22.xlsx

Good morning Lilah,

Thank you for the attached P&A spreadsheet. I approve of those BMPs.

If work does occur during the roosting season, please let us know if any of the nearby roosts are active.

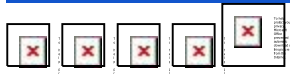

For the next spreadsheet you send my way, please rearrange the STR to TRS.

Regards,

**Brandon B. Marette, CWB®**

Good morning Brandon,

I've attached a spreadsheet of Civitas' upcoming operations in HPHs, along with proposed BMPs for each. Please review and let me know if you have any questions.

Please note: some of the Aristocrat Angus P&As will likely have to be completed during the roost season due to the timing of nearby frac operations (associated with other operators); however, the P&As associated with later frac operations have been tentatively scheduled to occur after the roost season, barring any frac schedule changes. We (RPG) are also prepared to conduct roost surveys to determine the status of this roost area prior to these P&A operations.

Thank you!

***Lilah Hubbard***
