COGCC Comments

Comment	User	Date
<p>There was a small drip located on the valve for the tank load out on the Tank Battery. There area impacted was inside the Tank Battery Berm and was not of a reportable amount.</p> <p>Called Jim Javernick who dispatched a crew to the location to replace the valve. Pictures were sent the afternoon of 11/15/2023 showing repaired equipment.</p>	sanchezcc	11/20/2023
