Denver, Colorado 80203

Dear Mr. Vaclavik:

At your request I am providing you with completed OGCC Form 5's (Well Completion Or Recompletion Report And Log) for the CF & I #29-1 and #29-2 wells. In addition I have included copies of logs, lithologic descriptions, core descriptions, location plats and drill stem test data for each well.

Colorado Interstate Gas Company has not had any involvement with the wells in question since they reverted to CF & I after being found to be nonproductive of gas.

I contacted CF & I to determine the name and address of the current administrator of the wells. I was directed to contact Mr. Jim Wark, CF & I's former Director of Mines, who is now with Evergreen Land and Resource Company of Pueblo, Colorado, the current owner of the land on which the wells are situated.

I apologize for the delay in providing you with the information you requested. Let me know if I can be of further assistance.

Very truly yours,

Anthony P. Trinko
